### **DETAILED ACTION**

Claim 17 has been canceled.

#### ***Claim Rejections - 35 USC § 102***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 9 is rejected under 35 U.S.C. 102(b) as being anticipated by British reference '796.

With respect to claim 9, British reference '796 shows a control station 110 (Fig. 1) for a backhoe 10 (Fig. 1) or excavator comprising:

an operator seat 130;

a first control tower 170,220 (Figs. 6-9) on the left side of the seat 130 having an upper end with a first joystick 260 extending therefrom, and a lower end pivotally coupled via 224 to the vehicle at the floor 194 of the operator compartment 90, the first tower 170,220 being constrained to pivot generally fore-and-aft;

a second control tower 160,220 (Figs. 6-11) on the right side of the seat 130 having an upper end with a second joystick 260 extending therefrom, and a lower end pivotally coupled via 224 (Figs. 4-9 and 12) to the vehicle at the floor 194 of the operator compartment 90, the second tower 160,220 being constrained to pivot generally fore-and-aft; and an adjuster assembly 254,258,196 (Figs. 5-11) (note the disclosure in page 10, lines 19-31) configured to lock the control towers 160,170,220 in different fore-and-aft pivotal positions.

***Response to Arguments***

Applicants' arguments have been considered but are moot in view of the new ground of rejection.

***Allowable Subject Matter***

Claims 1-8, 14-16 and 18 are allowed.

Claims 10-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
